MAUI PLEASED WITH PROMOTION

[Special Star-Bulletin Correspondence]

WAILUKU, Maui, October 27. —

Maui people are much pleased over the efforts of the Promotion committee to exploit the wonders and beauties of Haleakala, H. P. Wood chairman of that committee, accompanied by Mrs. Wood, R. K. Bonine, the maker of moving pictures, Professor Jagger, W. C. Aiken, Chas. G. Collins of Kamehameha School, J. N. S. Williams, and a guide went to the top of Haleakala last week Saturday for the purpose of getting some good pictures of the great crater. The night was spent at Olinda, and the ascent planned for the early morning on Sunday. Bonine got busy with his apparatus the moment the party set out, so as to get the pictures of the start up the mountain. On the way he selected some of the most striking points and was having excellent results until when about two miles from the top according to the report of one of the party it began to rain, and nothing could be taken in the line of pictures that day. The return was made to Olinda but Mr. Bonine tried again during the week to make the ascent, to see what he could get in the way of pictures of Haleakala itself. It is hoped that he will make the experiment once more, taking parties down into the crater, and through to the other side, thus showing how the whole trip can be made successfully through the extinct volcano.

As it is, he has done some excellent work, and made a splendid beginning in the way of advertising the island of Maui to tourists. It is hoped that real results will be gained in the future, so that people who heretofore have been afraid to make the ascent of Haleakala because of its great difficulties will realize that the trip is not fraught with undue hardships.
